

Item#: 25S23MP

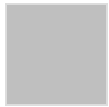

Description :

The Columbia polo is engineered for comfort and performance with Omni-Wick™ technology, which pulls moisture away from the skin and disperses it across the fabric's surface for quick evaporation, helping you stay dry, cool, and comfortable in warm conditions. Omni-Shade™ UPF 30 protection helps shield against harmful UVA and UVB rays through a tight fabric construction and specially modified fibers, providing reliable sun protection during outdoor activities. A classic button-up placket offers versatile styling options, while the self-fabric collar creates a clean, streamlined look. Sewn-in collar stays help maintain the collar's shape and prevent sagging for a polished appearance. Imported.

Order Notes:

Stock product is not returnable.
