Description :

This essential beginner setup typically includes a fairway wood, 7-iron, sand wedge, putter, along with a lightweight stand bag and headcover, covering the key shots needed to learn the game. It is designed for junior players roughly 42"-46" tall, with club lengths, weights, and lofts tailored to smaller swings. The ultra-lightweight design uses lightweight materials and graphite shafts to help kids swing more easily and build confidence. Forgiveness is built in through engineered clubheads that promote better contact, higher launch, and more consistent shots for developing players.
