Item#: JZ2939

Description :

Description:

This men's adidas golf hat is made for sunny days on the course. The wide brim provides plenty of shade, and moisture-absorbing AEROREADY keeps you dry. A toggle on the drawcord keeps it snug when the breeze picks up. Made in part with recycled content generated from production waste, e.g. cutting scraps and post-consumer household waste, to avoid the larger environmental impact of producing virgin content. Contains a minimum of 25% recycled content.
