

**Item#: WG2009001LO**

**Description :**

**Description:**

The Triad golf ball is a soft three-piece urethane golf ball that offers performance benefits for every golfer. Patented Tri-Balanced Construction delivers uniform density across all three layers, creating a perfect center of gravity for the purest roll possible. High moment of inertia design maximizes ball speeds while reducing driver spin for enhanced accuracy off the tee. A thin, high-friction urethane cover increases club interaction for best in-class control and feel on approach shots.

- 3.U – 3Piece Urethane
- High MOI Design
- Thin Urethane Cover
- Tri-Balanced Construction
